

*Next Meeting: November 18
Paul Phillips: 910-470-0870*

LEARNING TO TURN

"Many of us are choosing to live lives that do not set us up to pay attention. We long for a word from the Lord, but somehow we have been suckered into believing that the pace we keep is what leadership requires. If we are aware of such a longing, we need to ask ourselves – Do I have enough margin in my schedule to be able to turn aside and pay attention....Could it be because I am moving so fast that I do not have time to turn aside and look?"
- *Strengthening the Soul of Your Leadership* by Ruth Burton

- **How do we learn to turn?** The Common Rule

Questions

1. How would you describe the pace of your life right now? How might that pace be warping reality...or what have you bought into that might not be right?
2. The modern world is a habit-forming machine. What bad habits has it formed into your life? What 1 practice of paying attention could I incorporate
3. Who might be helped by you becoming more spiritually healthy?
