## Questions

1. Am I trying to do this alone when I should be part of a team of other believers? Have I separated myself from God's team by rebelling against him or denying him access to my life?
2. Do I have blind spots in my life that are breaking my relationships? Do I have someone like Jethro who can and will speak into my life? Do I need to give someone permission to do this?
3. As a leader, have I become a "Bottleneck." Things don't happen unless they go through me...I am slowing things down unnecessarily. How do I fix this?
4. Do I struggle with being humble enough to trust others with responsibility? Where do I need to put others before myself and show trust?
