Questions

1. Imagine you are at the finish line of your life...what will you wish will be true of you...your character or accomplishment?

2. Consider the days of your youth: are you/did you use them wisely or waste them? Was the Creator/God in charge of these days or the creature/you?

3. Rejoice - "let your heart cheer you on...walk in the ways of your heart and the sight of your eyes." Go for it right now, while you have time and energy! Is there something you sense God wants you to pursue right now, before it's too late? What would hold you back?

4. To finish well, you must live well. Are you living well? Why or why not?
